

Introducing ResonantSonic's newest Direct Push/Auger combo rig: the AMS 9630 PowerProbe

**Strongest DPT hammer in the industry* – 550 Ft-Lbs
5,000 Ft-Lbs Auger Head for 2" wells all in the same rig!**

***(Standard DPT hammer is 175 Ft-Lbs)**

ResonantSonic.com

RSI's new combo rig combines
DPT with auger that complements
RSI's existing fleet of Direct Push
Geoprobe® and Sonic Drill rigs.

Permit 2310
Sacramento, CA

The PowerProbe combines the best of *Direct Push*
Sampling with high-torque auger drilling.

ADVANTAGES:

- **Fast collection** of soil coring with quick changeover to augers for 2" wells
- **Great for slurry injections:** ORC®, HRC®, Molasses, etc. up to **600 feet per day**
- **Deep sampling:** Soil, soil gas, and water samples to over **100'**
- **Single- or Dual-Walled soil sampling** - up to 3 ¼" drill casing advanced

AND, don't forget about RSI's State of the Art *Sonic Drilling!*
